the European Union

Project name: **EUropean HERITAGE walk**

Project acronym: **EUHERITAGE**

Call: **CERV-2024-CITIZENS-TOWN-TT**

Project number: **101214633**

Applicant: **JU Radimlja STOLAC**

Stakeholders to be included in the project partner delegation

1. Representative of local authority
2. Representative of local tourism promotion agency or association
3. Representative of a youth group/association
4. Representative of each minority group/cultural association
5. Representative of a women's group/association
6. Representative of an elderly's group/association
7. Representative (s) of local economic operators (shop keepers, hotel/hostel and restaurant managers/owners, farmers, etc)

Please note that some categories may overlap (i.e. a representative of the elderly community who is also a woman involved in tourism management)

Guiding questions for the development of a “Sustainable local tourism plan”

We are aware that the effort for filling in this form will require some of your precious time within the next month. We thank you for your participation and will support you should any doubt arise in the process. Please consider that this work is important in order to valorize as much as possible the local resources already available for the further sustainable development of your community and of the project community at large.

1. **What are the main potential “items of interest” in your municipality? Why? Please list them and give a brief description of them (please consider buildings/places with historical and/or artistic value, natural environments, etc.).**
2. **What is the state of conservation of these buildings/places? Please divide them in FIT – NOT COMPLETELY FIT - NOT FIT in the table below (some examples have been written) and describe briefly those that you imagine have a high potential but are not, as of today, in the best shape to be visited/used.**

ITEM	Fit	Not completely fit	Not fit	For “Non fit”, please add a brief description of what is missing
E.g. St Mary’s Church	X			
E.g. River beach			X	Trash all over the beach
....				

3. **What are the main events that take place in your municipality and that could attract visitors, due to their historical, artistic, folk, culinary, environmental or other value? Please list and briefly describe them, including also religious or sport events and events related to a minority culture within your community.**
4. **Are there individuals (e.g. elderly, scholars/experts in a specific subject, etc.) within your municipality that could contribute to creating a “map of places/stories of interest” of your area? Please write down their name and how they could contribute.**
5. **How many reception facilities are there in your municipality? How many beds in total? Please do not consider only hotels, but also B &B and other family-run entities that are able to provide accommodation.**
6. **How many facilities that provide food and beverages (restaurants, bars, any other facility) are there in your municipality? How many people do they serve ?**

THANK YOU!
